

T&B® Fittings

Xtraflex® Conduit Now Available in Reels

The Xtraflex® system offers a lightweight, liquidtight flexible conduit solution for demanding applications. The Xtraflex® system insures fast, easy installations and long-lasting, high performance in a variety of environments.

Now, Xtraflex® Conduit is available on reels. Large users can save space and reduce waste, while taking advantage of the convenience of stocking bulk in lengths. Utilizing our new coupling design to connect 100' lengths, Thomas & Betts now offers reel lengths up to 1,000 feet.

- Fast installation – even in tight, cramped spaces
- Smooth inner diameter allows for easy wire pulling
- Smooth outer jacket – approved for outdoor use, sunlight resistant and oil resistant.
- Tested to CSA and UL requirements
- Lightweight and liquidtight
- Marked at one-foot intervals for fast, easy measuring
